The Crown Society

In celebration of The Mint Museum's 75th Anniversary in October 2011, The Crown Society, a new annual leadership circle, has been created. The Society brings together Supporting Membership and the Mint's Annual Fund drive to address the most critical needs of the museum. Now through December 2012, all donors who support the Mint annually through a contribution of \$1,200 or more will be recognized as founding charter members to commemorate The Mint Museum's 75th Anniversary. Through a diverse schedule of events, Crown Society donors will be able to deepen their own knowledge of the arts and become more engaged with others who share their interests.
